

## Department of Pharmaceutical Sciences Application Checklist

The following information is for prospective students wishing to obtain a Ph.D. in medicinal chemistry, pharmacology/toxicology, or pharmaceuticals.

All students applying to the graduate school, must complete and submit an [application](#) to the University of Connecticut Graduate School, not directly to the School of Pharmacy or the Department of Pharmaceutical Sciences.

Complete all sections of the graduate school application as described below.

- Personal Information – Complete the required fields.
- Enrollment Information – Complete the required fields. You may indicate your preferred research program and/or faculty members.
- Test Scores – Input your GRE and TOEFL scores (if applicable) into the form.  
\*You also are required to send your official scores to the University of Connecticut at code 3915.
- Citizenship Information - Complete the required fields.
- Educational Institutions - Complete the required fields.  
\*You are also required to send your official transcript as described. International students may also be required to send a copy of the diploma.
- Employment Experiences – Enter prior employment, if applicable.
- Upload All Documents – Please upload:
  - Resume or CV
  - Completed Residence Affidavit
  - Personal statement

The personal statement should be limited to two (2) pages and should describe your research interests, your reasons for pursuing a graduate degree, and your desire to attend the pharmaceutical sciences program at the University of Connecticut. An additional writing sample/research essay is not required.

- Graduate Supplemental - Complete the required fields.
- Recommendations – Three letters of recommendation are required.
